INTERNAL- DELIBERATIVE PROCESS

To members of the review team and participants in this discussion-

I have been working with the R8 technical team to review the ORD and OGWDW comments, respond to them, and begin to consider how we would incorporate them into Region 8's initial comments. I want to thank both offices for providing thoughtful comments that are very helpful in ensuring that we are complete, technically sound and constructive in our input to the state- it clearly represents a lot of time and effort on many folks' part and we appreciate that. In an effort to help position us for an efficient call on Thursday, we have annotated both sets of comments Ex. 5 - Deliberative Process and how we might look at incorporating it into a set of draft final technical comments. Attached are those annotated documents which will hopefully be a helpful starting point for our discussion. Look forward to speaking with you all.
